Hon. Ernest Istook
U.S. House of Representatives
Washington, DC 20015

Dear Congressman Istook:

We at America's Prayer Network would like to offer our full and enthusiastic support for the Religious Freedom Amendment you have presented to this session of Congress. We view your Amendment as the only way to assure the end to the thirty years of court decisions that have turned our First Amendment rights upside down.

Our outreach efforts have yielded approximately 100,000 supporters who count themselves among good Americans, from all walks of life, who want no doubt about religious freedoms. We see your constitutional protection as a boon for our primary issue, the return of the return of voluntary school prayer.

America's Prayer Network will notify our supporters of your efforts, encouraging them to contact their individual Congressmen, letting them know of their support for your Religious Freedom Amendment. Should there be anything else we can do to help you in this important effort, do not hesitate to contact us.

Congressman Istook, please add the America's Prayer Network to your list of organizations which enthusiastically support your Amendment to make your efforts even stronger.

Yours for God and Country,

Martha
